

ELP peer enquiry and review handbook

The [peer enquiry and review \(PER\) handbook 2023](#) is now available to view and download.

The PER is one aspect of the work of the primary learning clusters, alongside various models of collaborative enquiry that support professional growth and school improvement.

Its purpose is to enable schools, working in triads, to gain an insight into their effectiveness, with support from peers. It is a formative process that is led by the host school.
