

Prevent risk assessment update

14 Jun 2024

An updated Ealing risk profile is now available below for schools to access. This document outlines the current local and national risks that schools need to be aware of relating to radicalisation, extremism and terrorism.

Please use this document to inform your risk assessment, which should be updated in line with this new information.

Please note that the Prevent risk assessment can be a separate risk assessment or can be part of your existing safeguarding risk assessments used. If you require a template or guidance to support your risk assessment, please access [DfE guidance: Prevent duty risk assessment templates](#)

Finally, the information can also be used to brief relevant staff members about current local issues. **However, it should not be posted on any public platforms nor shared widely outside of its intended purpose.**
