

Attendance benchmark and analysis reports 2024 for high schools

06 Sep 2024

High school 2023/24 attendance benchmarks and analysis reports are now available for schools to access via the 2023/24 reports section on your school page on Ealing Grid for Learning.

Once you log in, the report will be visible under School reports > 2023/24 > Attendance and exclusions.

Find your school page on the [schools contact database](#).

About the report

This report details your school's attendance, persistent and severe absenteeism in the autumn 2023 and spring 2024 terms. Your attendance report is based on two-term (autumn and spring) attendance data.

The report provides comparative evidence of performance against other local / similar schools for schools to benchmark themselves against, over time analysis, borough and national comparisons, a detailed analysis of the attendance, persistent and severe absentee rates of a wide range of specific pupil groups, breakdowns of absence in your school by year group and reason and a list of persistent absentees (with severe absentees).

We hope you find these reports timely and useful and welcome any comments about how we could improve them in future years.
