

Free FGM awareness workshop for young people and accompanying staff safeguarding training

10 Sep 2024

Interactive drama workshop

Arc Theatre have one date available for their No More Whispers FGM production aimed at high schools on Monday 30 September 2024.

Arc's No More Whispers interactive forum theatre workshops are a compelling engagement tool, delivered by our highly-skilled facilitator and trained, professional actors who tell the story of three students exploring which Personal, Social, Health and Economic (PSHE) education issue to use as the focus of their social media campaign.

The audience must interact with the characters so that they can investigate FGM, learn about the subject, why it happens, how it affects women, and help them reach a positive conclusion. The programme also highlights local and national support services and organisations and how to support victims, survivors and those at risk.

To book the workshop for 30 September please email theresa@arctheatre.com

Staff INSET training

Arc's free 60-minute INSET session, which complements safeguarding, welfare and CPD training, is available for teams of school staff (both teaching and non-teaching, Parent-Governors and PTA representatives), carers, educationalists, support workers and health services.

It will be delivered online on Zoom on Monday 14 October 2024.

To register your place, please contact theresa@arctheatre.com

Further information can be found in the flyer under downloads.
