Benefits

We have two locality teams based in Greenford and Acton. Each team is multi-disciplinary consisting of psychologists, family therapists, counsellors, family support workers, social workers, youth workers and domestic violence workers. This ensures delivery of a holistic, responsive and appropriate service.

SAFE workers can accommodate a families needs by seeing them in their own homes, at school or at another community venue such as Children's Centre.

SAFE can join 'team around the family' forums organised by schools or will organise their own team around the family meeting with professionals and families.

SAFE also offer a parenting service delivering a variety of parenting programmes and workshops. These are offered as online platforms as well as face to face group sessions.
