
This service is available for Academies, Maintained schools and Other schools and settings**Description:**

Ealing Council's tree service offer a planned inspection. Schools can discuss their needs and the inspection can be expected within two to three-months. School trees should be inspected every three years, depending on:

- the target frequency
- size of trees
- the hazard they present.

A two-year frequency would generally be recommended for schools.

Year Financial year 2024/25

Benefits

- The site survey would meet your legal obligations with regards to 'Duty of Care'
- We offer competitive prices, particularly when you would otherwise be paying a premium for an emergency response.

Office hours:

Monday to Friday

Service directors:

Peter George

More detailed information:

Ealing Council's tree service offer a planned inspection. Schools can discuss their needs and the inspection can be expected within a two to three-month lead time.

Tree inspections

Planned inspections are charged as a one off site visit or per tree on existing sites (whichever is greater).

Unplanned inspections at short notice are charged at a higher rate.

The site survey would meet your legal obligations with regards to 'Duty of Care': local Authorities are expected to survey all of their trees on a three yearly basis, more frequently in high risk areas.

Tree surgery work

As a result of the survey; any works deemed necessary will be collated into a Works Order for your consideration and approval. The cost of tree surgery works will be as per the councils schedule of rates plus 10%. An invoice will be raised for work agreed.

These prices are generally very competitive, particularly when you would otherwise be paying a premium for an emergency response.

Schools should continue to use an industry approved contractor Arboricultural Association - ARB Approved Contractor Directory (trees.org.uk) for tree surgery work.
