

SEND teaching assistants level 3 apprenticeship – Cohort 2 and 3

Ensuring we have a skilled and knowledgeable SEND workforce to support all our children and young people

ELP are working in conjunction with Ealing Council to support schools to develop their SEND workforce through a supported Teaching Assistant Level 3 Apprenticeship Programme.

- ❖ Have you considered teacher assistant apprenticeships as a viable way to boost your staff team and succession plan?
- ❖ Did you know that existing TAs without a Level 3 qualification can apply for this development opportunity?
- ❖ Did you know that there is levy funding available to fully pay for apprenticeship training* ?
- ❖ Did you know the apprentice can be working part time?
- ❖ Did you know the apprentice can have a dual role in school eg main contract as a Lunchtime supervisor, second contract as a teaching assistant apprentice?

About the pilot

Apprentices get training to support them to build their confidence and skill in working with children and young people with SEND.

The project team will:

- ❖ Provide support to apprentices and schools
- ❖ Meet regularly with training provider
- ❖ Deliver additional SEND training to apprentices
- ❖ Celebrate success once the apprentices complete and achieve the L3 TA role.

Register your interest

To find out more or register your expression of interest please contact Sukh Sahans at ssahans@ealing.gov.uk

*Please note that levy funding is only available to pay for apprenticeship training and cannot be used for off setting salaries or other resources.
