

UK Sustainable School Leadership Survey 2024

Tell us about your experience of school leadership

The **UK Sustainable School Leadership Survey** is part of a major three-year study across the four UK nations. The research concentrates on the recruitment, training, and retention of school leaders, and considers diversity, equity, quality, and fitness for the future of leadership.

This unique, UK-wide survey will provide powerful insights into the current state of leadership and will inform policy and practice.

We want to hear from you if you are a senior or middle leader in school or in a cross-school role (such as a Local Authority or Multi-Academy Trust) about your experience of recruitment, development and support as well as what drains and sustains you in your role.

**Click here to take the
UK Sustainable School
Leadership Survey**

<https://tinyurl.com/2sea2c54>

The survey takes **about 20 minutes** to complete. It is **open now** and closes on **Friday 13th December**.

The research is being carried out by a team based at the University of Nottingham (Professors Toby Greany and Pat Thomson and Dr Mike Collins) and the University of Warwick (Dr Tom Perry)
